Trustee Concerns

Trustee Walker had mentioned to the Board that he had been speaking with Gary Kruger Cumberland County Engineer in regards to CO RD 750 North starting at the intersection of Jackson and Ohio to so many feet. Walker explained that it was brought to his attention that this street was in question as to who was to maintain it? The Sumpter Road commissioner has been maintaining it all along as the thought was that it was not incorporated. As it has been investigated this road is in the corporation. And the question was would the Village want to unincorporate. Upon a unanimous vote the Village of Toledo did not want to unincorporate.
